EXPORT TRADE.

A New Market for American Wheat
in Europe.

WASHINGTON, Dec. 30.—The State Depart-
ment received a dispatch to-day from Mr.
Schenck, the United States Consul at Bar-
celona, Spain, announcing the arrival there
of the first cargo of wheat that ever was
imported to that place from America. The
cargo consisted of 72,000 bushels of Min-
nesota wheat was carried in an English
steamer, and the freight cost \$18,000.
There was great excitement at the place,
and the grain was pronounced equal in
quality to any ever received in that mar-
ket. The Consul reports that one firm at
once engaged three English steamers to
bring three cargoes of American wheat to
Barcelona, and it was thought that about
thirty-five cargoes would arrive during
season, all in English steamers.
The Consul reiterates his former
opinions upon direct American
steam communication with Spain and other
countries bordering on the Mediter-
ranean. As it is now, we are indebted to
the fact that British steamers find it pro-
fitable to bring American wheat to Barcelona
for the new development of our trade.
Fifteen cargoes of wheat from the Black
Sea were about for Barcelona on the day
on which this first cargo of American
wheat arrived.

THE FINANCES.

The Treasury Department and Res-
umption—The Amount of Coin in
the Treasury.

WASHINGTON, Dec. 30.—The Treasury
has a coin balance of \$226,000,000, of
which about \$300,000,000 will be available
on Thursday next for resumption purposes;
of this about \$300,000,000 is silver coin.
The demand for silver is rapidly increas-
ing, and about \$300,000 was shipped from
the Treasury to-day, the largest ship-
ment in any one day since re-
monetization. Resumption is practically
in force at the Treasury Department, and
since the premium dropped off on gold,
in nearly every transaction, the person re-
ceiving the money has expressed prefer-
ence for legal tenders instead of coin.
Three hundred and six thousand dollars in
greenbacks was paid over the counter of
the Treasury cash room to-day to persons
who were entitled to receive. There was
only one instance in all this disbursement
where a preference for gold was expressed,
and this was more on account of the nov-
elty than otherwise.

BURGLARY.

A Bold Attempt to Rob a Bank at
Beloit.

BELOIT, Wis., Dec. 30.—Burglars entered
the vault of the Exchange Bank of Beloit
last night by drilling through the chilled
iron door and blowing the lock to pieces
with powder. They then commenced dig-
ging through the brick wall between the
vault and the First National Bank, which
is in the same building, but seem to have
been frightened away, as they left without
any plunder.

The Claims of Milwaukee Against
the General Government.

MILWAUKEE, Dec. 30.—To-day the com-
missioners of the public debt and the city
authorities had a conference with the Hon.
William Pitt Lynde, member of Congress
from this district, in relation to the claim
of the city against the Government on ac-
count of the straight-cut harbor improve-
ment. Lynde promised to press the claim
vigorously. The amount involved is \$380-
000, without interest.

NEW YEARS.

The Presidential Reception at the
White House.

WASHINGTON, Dec. 31.—At the reception
at the White House on New Year's day
Mrs. Hayes will be assisted by Mrs. J. N.
Jewett, of Chicago; Mrs. Austin, of Cleve-

land; Mrs. Charles Anderson, Jr., of Cin-
cinnati, Ohio, and Mrs. Hastings.

MILWAUKEE, Wis., Dec. 30.—The
Packwaukee counterfeiters were brought
before United States Commissioner Blood-
good to-day for examination. Price was
held for trial, and the Billings brothers
were held for another hearing.

CHEAP COAL.

PHILADELPHIA, Pa., Dec. 30.—President
Gowen, of the Reading Railroad, says he
accepts the results of last Friday's meeting
as an indication that there will be no coal
combination made for next year.

THE CARRIERS' ADDRESS.

The New Year's greeting and address of
the carriers will to-morrow morning be
presented to the patrons of the Gazette, by
the boys, who day after day, through shine
and storm, carry the news to the doors of
our readers. The address presents a most
pleasing mechanical appearance, and is
really a readable production, and we trust
the carriers may be liberally patronized as
they make their rounds to-morrow.

KNIGHTS OF RANK.

Twenty of the Brother Knights of Pyth-
ias met last night and elected the following
Brother Knights as officers of the endow-
ment rank of the order which will be in-
stituted in this city within a few days:
President—H. McElroy.
Vice President—E. D. Tallman.
Treasurer—C. S. Crosby.
Secretary—N. Smith.

Bayard Taylor's Estate.

Cincinnati Commercial.
The Cleveland Leader says of Bayard
Taylor: "It is authoritatively stated that his
estate will yield little or nothing, except his
life insurance of \$10,000, and that his
widow and daughter will be left very
suddenly provided for." It will be found
upon examination that this statement has
been exaggerated. Mr. Taylor was an
owner of several shares of New York
Tribune stock, and while for some years
Tribune dividends have not been large, the
property is sound and pays. Then Mr.
Taylor's books sold steadily, and have per-
manent value. His death will increase the
demand for them. There are more than
twenty volumes, besides translations.

Two Gamblers of the Last Century.

A writer of the last century relates a
terrific scene which he witnessed in a
London drawing room.
Two elderly ladies were seated at a table
playing for pretty high stakes. Without
going near them, it was easy to tell which
was losing and which was winning, from
the expression of their faces. At length
the game suddenly ended in a crushing
disaster for one of them. The author
describes the scene and the manner in
which the gamblers of fifty years' stand-
ing bore her loss. "Her face," he says,
"was of a universal crimson; and tears of
rage seemed ready to start into her eyes.
At that moment, as Satan would have it,
her opponent, a dowager whose hair and
eyebrows were as white as those of an Al-
bion, triumphantly and briskly demand-
ed payment for the two black acres."
"Two black acres?" answered the loser in
a voice almost inaudible by passion.
"Here, take the money; though, instead, I
wish I could give you two black eyes, you
old white cat," accompanying the wish
with a gesture that threatened a possibility
of its execution."
"The stately, starched old lady, who, in
her eagerness to receive her winnings, had
half risen from her chair, sunk back into
it as though she had really received the
blow. She closed her eyes and opened
her mouth and for several moments thus
remained fixed by the magnitude of her
horror."

Hosts of People are Martyrs

To sick headache, that infallible symptom of a
disordered stomach, liver and bowels. Many
suffer from it as many as three or four times a
week. They do so needlessly, for Hostetter's
Stomach Bitters, by toning the digestive organs
and regulating the bowels and liver, removes the
cause, and dispels the painful symptom. The in-
timate sympathy between the brain and the ab-
dominal region causes the slightest disorder af-
fecting the latter to be reflected, as it were, in the
organ of thought. The reform instituted by the
Bitters when the digestive, secretive and evacu-
ative functions are in a state of chaos, has other
and more beneficial results, viz, the complete
nutrition of the whole physical economy, the
restoration of appetite and repose, and an in-
crease in the power of the system to resist dis-
eases of a malarial type.

Do Stop That Cough!

Why in the world don't you go to the drug store
and get a bottle of Hale's Cough Syrup and cure
that cough, which is wearing you slowly, but so
surely out? We don't ask you to take any chan-
ces on this remedy. If you have not tried it we
urge you to get a bottle, and if after using one-
half of it you find that it is doing you no good,
you can return it and get your money back. S.
E. Waterhouse, of Mazamont, writes: "Three
dozens cured our little girl of one of the most ag-
gravated cough. W. would not be without it."

Mrs. Sarah A. Elliott.

Author of "Mrs. Elliott's Household," Oxford,
N. C. writes: "I was among the first that used
the 'London Hair Color Restorer' in this section,
and recommended it to M. A. & C. A. Santos, Nor-
folk, Va., as the most beautiful hair dresser and
preserver I had ever seen. I was advised by an
eminent physician to use it. Since doing so, it
has proved so satisfactory in restoring and beau-
tifying my hair, as well as strengthening my
eyesight, that I have recommended it to the
girls of my friends, and believe I have from what
others say, caused it to have a wide and extended
sale, and deservedly so, as it certainly is the
most cleanly and effective hair restorer now-
where for the American people. The 'London Hair
Color Restorer' can be obtained at all the lead-
ing druggists at 75 cents a bottle, or \$4 for six
bottles.

Itching Piles.

The symptoms are moisture, like perspiration,
intense itching, increased by scratching, very
distressing, particularly at night as if pin worms
were crawling in and about the rectum, the pri-
vate parts are sometimes affected; if allowed to
continue, very serious results may follow. Dr.
Swayne's All Healing Ointment is a pleasant sure
cure.

DIED.

STOCKMAN—In the town of Milton, on the 19th
of December, 1878, Mrs. BETSEY STOCKMAN,
wife of Mr. Huttonson Stockman, aged seventy-
nine years.
The subject of the above notice had been a
faithful member of the United Brethren church
for many years. On account of feeble health she
was deprived of the public means of grace for
several years, but her sympathies were with the
cause of God, and she realized that God's grace
was not confined to time or place. She was
loved and respected by all who knew her. She
leaves a large circle of relatives and friends to
mourn their loss, but they feel that their loss is
her eternal gain.
The funeral services were conducted by the
writer, preaching from Rev. 14:13.

THAT OLD COIN.
Seventy-five Thousand Dollars that was Buried Fifty Years.
From the Cincinnati Enquirer.
Some three weeks since the Enquirer published an account of the Fourth National Bank of this city receiving \$20,000 in new silver coin one-half-dollar denomination which had been buried half a century or more ago. At the time it was known about the history of the coin, though many wild guesses were made, among which was one that it was a "plant" just dug up. This, as well as all other theories about it, was incorrect. It is now known that the money is a part of \$75,000, all in half-dollars, which two minor half-dollars were known in Northern Pennsylvania, purchased from the mints and secretly buried. The money was buried with a mutual agreement that neither should disclose its hiding place while they lived. One of the two died, and the secret was kept inviolate until the second one came to his death bed. In his last hour he revealed the secret of the hidden treasure to his friends. It was dug up, and the sum found intact, though the coins were rusty and needed brushing. Some of them dated back as far as 1819, and all were rough and worn as when they dropped from the mint. The inheritors bargained and sold the coin to the Fourth National Bank of Cincinnati at half a cent discount. This is the history of the money. They have bought some of it at the Custom House, and paid it out in change.

Attacked by Wolves in Minnesota.
From the St. Cloud, Minn., Journal.
Recently Mr. Miner, of the town of Langola, Benton county, was driving from his own house to Mr. Morrill's, having with him his wife and three children, and when near the Jocelyn school house was attacked by five large timber wolves. The fierce beasts sprang at his horses, and when Mr. Miner struck at the nearest one with his whip, it made a leap to get to him, but struck against the wagon box. At this moment Mr. Miner's dog bravely attacked this wolf, but was at once set upon by the whole pack, killed, and almost entirely devoured. This gave Mr. Miner an opportunity to whip up his horses and make off, which he did at a full gallop, calling loudly for help. His cries attracted the attention of Mr. Jocelyn and family, who came to the rescue, and the wolves were driven off. But for the for-

tunate interference of the dog the results might have been more serious. An attack of this kind by wolves is almost without precedent in this part of the State, and it must be that the animals were driven to it by ravenous hunger.

MISCELLANEOUS.

ST. NICHOLAS,
Scribner's Illustrated Magazine.
For Girls and Boys.
An Ideal Children's Magazine.
Messrs. Scribner & Co. in 1873 began the publication of St. Nicholas, an Illustrated Magazine for Girls and Boys, with Mrs. Mary Mapes Dodge as editor. Five years have passed since the first number was issued, and the magazine has won the highest position. It has a monthly circulation of over 50,000 COPIES.
It is published simultaneously in London and New York, and the transatlantic recognition is almost as general and hearty as the American. Although the progress of the magazine has been a steady advance, it has not reached its editor's ideal of being the most ideal continental counterpart of the London Literary Digest.
To-day St. Nicholas stands ALONE IN THE WORLD OF BOOKS.
The New York Tribune has said in it: "St. Nicholas has reached a higher plateau, and commands for its service wider resources in art and letters than any of its predecessors." "Contemporaries." The London Literary Digest says: "There is no magazine for the young that can be said to equal this choice production of Scribner's press."
Good Things for 1878-9.
The arrangements for literary and art contributions for the new volume—the sixth—are complete, drawing from already favorite sources as well as from new and promising ones. Mr. Frank R. "Cockton's new story for the boys."
"A SALLY FELLOWSHIP."
Will run through the volume—monthly parts, beginning with the number for November, 1878, the first of the volume—and will be illustrated by James E. Kelly. The story is one of travel and adventure in Florida and the Bahamas. For the girls, a continued tale.
"HALF A DOZEN HOUSEKEEPERS"
By Katharine D. Smith, with illustrations by Frederick Deelman, begins in the same number, and a fresh serial by Susan Coolidge, entitled "Kyknight," with plenty of pictures, will be commenced early in the volume. There will also be a continued fairy-tale called
"RUMPTY BUDGET'S TOWER."
Written by Julian Hawthorne, and illustrated by Alfred Fredericks. About the other familiar features of St. Nicholas, the editor preserves a good-humored silence, content, perhaps, to let her five volumes already issued, properly concerning the sixth, in respect to short stories, pictures, poems, humor, instructive sketches, and the like and last of all, "Jack-in-the-Box," the "Very Little Folks" department, and the "Letter-box," and "Middle-box."
Terms, \$5.00 a year; 25 cents a Number.
Subscriptions by the Publisher of this Paper, and by all Bookellers and Postmasters. Persons wishing to subscribe, should write name, Post-office, County, and State, in full, and send with remittance in check, P. O. money order, or registered letter to SCRIBNER & CO., 743 Broadway, New York.

MILTON

CHRISTMAS EVE.
Despite the bitter cold night a goodly number were present at the Seventh Day Baptist church to participate in the pleasure incident to the occasion. The arrangement of presents and the decorations were different from that of former years. The appearance of the presents and their surroundings was certainly very tasty and elegant and in no respect inferior to that of former occasions. Notwithstanding the hard times there was an abundance of gifts many of them valuable, and a noticeable fact was that most of the presents were useful articles. All in all the exercises and surroundings of the entertainment were a complete success and a credit to those who managed and participated therein. Previous to the distribution of presents the following exercises were presented:

Music—"Greeting Song," Jennie Dunn and May Hardy. This selection was charmingly rendered by the little misses.
Prayer—Rev. E. M. Dunn.
Music—School.

Address—Prof. H. D. Maxson.
Prof. Maxson made a five minute speech especially for the children, and it was interesting, appropriate and instructive—in fact, one of the best that was ever presented on such an occasion.

Music—Character Song, "Out in the Snow," Miss M. Dell Burdick. A very appropriate selection, and rendered in elegant style by the fair vocalist.

A good audience and much good cheer attended the entertainment at the Congregational church Christmas eve. The choir had prepared some excellent and appropriate music, and a large platform, surrounded and arched with evergreen trees formed a beautiful bower, within which the literary exercises were presented. Miss Belle Walker told us of St. Christopher. Alice Tomkins sang a beautiful song, and appropriate pieces followed by Bessie Tomkins, Hattie Crane, and the Superintendent of the school—Mr. Maynard Plumb. Afterwards the presents were distributed to the great satisfaction of the audience, especially the little ones.

L.
The Methodist church was finely decorated with evergreens. Two trees were placed on the stage and were nicely covered with presents. The exercises opened with a Greeting Glee by the choir followed by prayer by Rev. I. S. Eldridge. The exercises consisting of music, recitations and readings were good. Those most worthy of notice were, recitation by Gertrude Davidson—"Scenes in a Gipsy camp and the Gipsy May pole," and the readings by J. H. and C. A. Smart. Miss Ida Eldridge gave some fine instrumental music; Mrs. Magner sang "The Beautiful Gates Ajar" in a fine manner. Mrs. Magner has a clear, sweet voice and we hope to hear her again before a Milton audience. Miss Minnie Eldridge rendered the song "Sweet Long Ago" very acceptably to the audience.

A quartet was given by Grant McNitt, Frank Richardson, Gertrude Davidson, and Jessie Bowers. The presents were many, and nearly every one received some memento of the occasion. On the whole the exercises and the evening were very successful and much credit is due those in charge for their efforts to make it a pleasing occasion.

C.
In the face of "hard times" we are glad to know that one firm in this town may the faith and energy to anticipate the "better times coming." We refer to J. C. Plumb and son who have put in their cellar their usual stock of roots, cuttings and plants, and also their usual first class apple and other trees for the early spring trade. These are in their new cellar which is 20x64 feet, where they are perfectly secure from the changes of winter. This firm claim to have the largest and best assorted nursery in the State, occupying nearly eighty acres with their business, including young stock and small trees. They are carrying over five hundred thousand one year seedlings besides ten bushels of fresh seed put in last fall, thus showing their faith in the future of the business. The accounts of the firm show that they have paid out over one thousand dollars to hire help the past year, most of which has been expended in this town. We wish to see success their enterprise deserves, and bespeak the patronage of the tree planting public for them.

"North Branch," of Janesville, in his correspondence to Wilkes' Spirit of the Times, treating of Brodhead's stable of trotters says, "Wilkes and Minnie are under the care of Johnny Grier, a careful and painstaking driver, who brought out the horse Janesville, as Nas Nottfield, and several other aliases were gained after he passed out of his hands."

Ed. Cutting, of Kearney, Nebraska, came home to eat turkey on Christmas.

Superintendent Tracy presented the subject of "How to secure the co-operation of school district boards and patrons with county superintendents," at the meeting of county superintendents held in Madison last Thursday.

Samuel Elden and Hannah E. Addie were wedded on Christmas eve. Rev. A. L. P. Loomis tied the nuptial knot.

Rev. I. T. Eldridge was called upon Tuesday evening to unite in marriage Mr. Lester L. Greer and Miss Laura E. Tilton. The Christmas day did a similar job for Geo. W. Barrett and Julia A. Osmond both ceremonies being performed at the parsonage.

Mr. and Mrs. L. L. Bond, of West Side, Iowa, arrived in town last week on a sad mission. They came to inter the remains of their little daughter in the village cemetery. The burial took place Tuesday p.m., and the funeral services were held at the S. D. B. church, Milton Junction on Saturday morning. Mr and Mrs Bond have the hearty sympathy of their many friends here in their hour of sorrow.

Mrs. C. C. Ball was dangerously ill last week with an attack of muscular rheumatism, but is some better at the time we write.

Town Sealer Morgan, inspected and sealed the stock last Thursday and when properly balanced they weigh to a hair.

Daniel Whitmore, of Spring Prairie, was in town Thursday shaking hands with his acquaintances.

CB Ford, dropped the pedagogues rod up north long enough to spend Christmas among his Milton friends.

Postmaster Green has just received a quantity of "college envelopes." These envelopes have a cut of the college buildings printed on them and are just the thing for students, and town folks too for that matter. Everybody ought to use them in their correspondences.

The Madison Democrat in its account of the superintendent's market for Geo. W. Barrett and Julia A. Osmond both ceremonies being performed at the parsonage.

Not a single car of live hogs was shipped from this station last week. The Milwaukee and Chicago markets were flat and dull, prices ranging at \$2.50 to \$2.60, and our buyers were not inclined to pay the prices asked by farmers. Our shippers have some live hogs ready to hand at the present writing, and are anxious to get an advance in price, that will enable them to realize better figures in Milwaukee than they paid here. The market closed dull on Saturday at \$2.10 to \$2.30 per hundred.

Prof. A. A. Miller, of Waukesha, spent a few hours in town last Saturday.

He was on his way home from Madison.

The holiday sessions of the Orophil and Idema Lyceum took place on Monday and Tuesday evenings of this week. An extended report will appear next week.

Mrs. Fitch Brown was quite ill Christmas evening, but has become convalescent since.

We found in the depot an ancient way bill of the old Milwaukee and Mississippi railroad company. It was made at Waukesha, August 5th, 1853 for the billing of a machine and "fixings" to Milton. The car was number 5 and the agent notes on the bill, "You must send this car back to Waukesha without fail." P. G. Jones, Jr. Agent. The Company had but a few cars in those days and expected to have another shipment the next week.

J. M. Hall, M. D., of Lake Mills, Iowa, was in town last week visiting his brother, R. B. Hall.

Our ice men are filling their houses this week. The ice is about twelve inches deep and the quality is not first-class.

Dexter Brown, of Nebraska, is in town visiting his many relatives and friends for the first time in many years.

Rock County District Division Sons of Temperance, will meet at Milton Junction, January 8-9. Rev. E. L. Eaton, of Beloit, formerly of the College, will deliver a lecture at the open meeting, Wednesday evening, January 8th. All are invited to be present and hear Rev. Mr. Eaton.

The following are the names of pupils, in the higher department of the graded school, perfect in attendance during the last month of school: Jimmie Borden, Giles Belknap, Curda Plumb, Loui Rood, Alta Wade, Metta Smith, Carrie Ball, Alice Tomkins, Mary McEwan, Roy Wilber, Elmer Wilber, Ida Davidson. Neither absent nor tardy during the term: Carrie Ball, Metta Smith and Ida Davidson. Metta Smith has attended school four terms in succession, without being absent or tardy.

ADA McURAKEN, Teacher.
Secretary Sherman's Indefatigable Enemities.
From the Boston Advertiser.

The oddest thing yet in the opposition of Greenbackers to resumption is the angry denunciation of Mr. Sherman for having directed the acceptance of legal-tender notes in payment of customs duties after the 1st of January. As long as there was a premium on gold, and the greenback was not convertible, the inflationists demanded with all the strength of well-trained lungs that the public faith should be violated by a discontinuance of the system of gold payment of duties, which gave the Treasury its only means of paying the interest on the debt. Now that it makes no difference to the Government whether it receives coin or the notes which it declares now payable on demand, they are great sticklers for the law. As for the right and wrong of the controversy, the Secretary has, under existing law, every particle of authority he needs to do indirectly what he proposes to do directly.

This important work, a collection of the best and brightest gems to be found in the whole field of English poetry, was begun in the fall of 1871, and contains 125 poems by over 500 authors, English and American.

It has been the aim of the editor to present a comprehensive collection of the best of the poetry of the English language, one that will be a welcome companion at every Fireside. Each poem has been given complete, and great care has been taken to follow the most authentic and approved editions of the respective authors. Nearly all the longer minor poems that have become classic will be found in this volume; among which may be mentioned Milton's "Allegro," "Penseroso," "Comus," and "Lycidas;" Goldsmith's "Deserted Village," and "The Traveller;" Coleridge's "Christabel," and "The Ancient Mariner;" Pope's "Rape of the Lock," Keats' "Eve of St. Agnes," Campbell's "O'Connor's Child," Shelley's "Adonais," Mrs. Hemans' "Young Gray Head," Macaulay's "Horatius," Ayton's "Edinburgh after Frodden," Drake's "Culprit Fay," Thackeray's "Chronicle of the Drum," and Mrs. Browning's "Lady Geraldine's Courtship," while in the shorter poems, Shakespeare is represented by 21 selections, Burns by 12, Scott by 19, Wordsworth by 23, Herk by 14, Hood by 18, Tennyson by 24, Moore by 14, Coleridge by 13, Byron by 16, Shelley by 18, Longfellow by 15, Whittier by 13, Mrs. Browning by 14, Campbell by 13, Southey by 13, and others according to their respective merits.

Here will be found the most important poems by prominent authors, besides other poems of merit and popularity. The carefully chosen headings, according to the subjects, thus enabling the reader to see at once all the pieces of any particular character that he may desire.

The selection has been pronounced, by many of our most prominent literary men, one of the best and most complete ever published. It is furnished with an alphabetical index of the names of the poems, an index of authors and also one of first lines, thus making the means of reference more thorough than in any other work of the kind. Explanatory and corroborative notes have been appended to the volume, and add greatly to its value.

The book makes a very handsome octavo of 1000 pages, printed from new type on fine paper, and is illustrated by fourteen engravings on steel, and is beautifully bound. Both in contents and in manufacture this is one of the finest specimens of bookmaking ever produced in this country.

THE NEW YORK TIMES.

FOR 1879.

Established 1851.

The position of the foremost Republican newspaper in the United States will be sustained by The New York Times by the same policy, as by virtue of which that position has been attained. The Times will continue to place itself at the service of the Republic, and will not be deterred by the personal aims or private ambition, and will steadfastly insist that the usefulness of any newspaper must be measured by the extent of its devotion to the honor and welfare of the country. In the future, as in the past, the attitude of The Times will be that of independence and impartiality. The maintenance of the national credit; the purification of the public service; the advocacy of all seasonal projects of fiscal reform; rigid economy in public expenditure; opposition to subsidies and corporate jobbery in all its forms; the preservation of equal rights to all citizens, North and South, will be the salient points of the policy of The Times.

The Times will continue to be distinguished as an enterprising, accurate, and carefully edited newspaper. The acknowledged excellence of its fullness of its correspondence by mail and telegraph, from all parts of the world, will be adequately maintained, and its facilities for collecting domestic and foreign news will be improved to meet the increasing demands of our time.

In the sphere of literary and artistic criticism, scientific, social, and political economy, The Times will address itself, as heretofore, to the appreciation of the educated and intelligent classes of the American people. It will be always without being sensational, and will not be deterred by the clamor of the moment, or by the influence of the right. No theories subversive of the principles of a which the sacredness of family ties, and the existence of society alike repose will be promoted in its columns.

The Times rejects all advertisements of lotteries, of quack and medical pretensions, of projects of other agencies by which the insidious poison of vice is disseminated through society. It will be in the future, as in the past, a newspaper of general utility, and of daily reading.

THE WEEKLY TIMES, containing selected editorials on topics of national and general interest from the columns of the daily issue, as well as a concise summary of political, social, and economic news, besides other features which recommend it to all classes of readers. A paper admitted to circulate in every part of the United States. It will be the sum of a condensed, useful, and reliable source of information. Its well-earned supremacy, but to make its place, it will still more decidedly.

THE YEAR'S RECORD.

A Review of the Business of Janesville for 1878.

Interesting Facts and Figures From the Record of the Past Twelve Months.

A Showing Which Janesville Should Look Upon with Pride.

The Results of Hard Work and Wise Management.

The Changes which Time Has Wrought in Our Midst.

Out with the Old, In with the New.

Standing on the last plank of 1878 and about to step onto the first of 1879, it is meet that we pause and looking backward review the road over which we have been traveling for a twelve-month. This backward look calls to mind some of the shadows which have flitted across the path of each traveler, and yet there is bright sunshine which has not yet been blotted out by clouds. The burden of sorrow and the sweat of toil have come with heaviness to many, but yet the tolling and the weeping and the waiting have clasped hands with rich rewards, with joys and with satisfaction. Into each individual life has been woven the bright and the dark, but with this sacred privacy we have sought to do now. It is the city as made up of these lives we would look at. As compared with the previous years we have great reason for rejoicing. While "hard times" have been felt here as elsewhere, yet we may rejoice that it has caused no demoralizing panic of the business circles. Retrenchment and economy, coupled with energy and industry, have kept the business life crowded with activity and full of healthy blood, so there has been little stagnation, and few commercial deaths. Bankruptcy, familiar in other places, is almost a stranger here, and has not dared to set foot inside the door of any established business house. In this respect, Janesville has a record which is as free from blot or blemish as any city in the country, and much clearer than most. The manufacturers of the city also imbue it with much life and vigor, and the general business has been such as to render the outlook for 1879 hopeful and cheering. We have gathered some of the facts and figures from which a good idea can be gained of the results of the year, whose record closes to-night.

THE COTTON FACTORY.
An immense amount of cotton has been transformed by the busy hands into cloth during the twelve months just closed. The factory has manufactured 5,300,000 yards, a production of about \$300,000. This is probably as large a production, estimated in yards, as the factory will ever yield, as during the past year every spindle has been kept as busy as possible, and every moment of time and ounce of strength has been used to the best possible advantage. The managers say they never expect to be able to manufacture more yards than they have in 1878. There have been constantly employed 250 persons, and their pay roll reaches about \$60,000 monthly. Thus the sum sum of \$75,000 is annually distributed among the business circles of our city from this one enterprise. The factory is an established success, and is a great feeder for many of the lesser industries, and as such should be looked upon with pride and interest by all. During the year some marked improvements have been made by the management so that the productiveness could be made as great as possible. A new boiler, and a new boiler house have been added, and other lesser changes made. The managers of this great enterprise are energetic and experienced, and their efforts are now being rewarded with success. The market prices have been low requiring a careful and economical policy, but this has been so wisely pursued that the year has been one of profit. Sales have been good, there being no trouble in disposing quickly of every yard manufactured. This speedy sale is due largely to the quality of the goods, the demand steadily increasing in proportion as the goods become known by the test of actual consumption. All citizens should join in wishing the enterprise the happiest of New Years.

HARRIS MANUFACTURING COMPANY.
The manufacture of agricultural implements and especially machinery, such as reapers and mowers, has of late years been attended by great vicissitudes. While many factories have been compelled to throw off the belts, close the doors, and let the workman's dinner pail grow rusty with disuse, the Harris Manufacturing Company has been steadily and surely increasing in prosperity. The past year the sales have reached \$254,599. But little stock was carried over, and the company starts out on a new year with all fresh goods. Besides the machines on which a trade has already been established, the company will, the coming year, press into market with their wondrous energy their seeder drill and spring tooth harrow. They have already introduced them sufficiently to prove their value, and next year will push them lively. As compared with last year the company has had larger sales and closed out its stock cleaner, and they start off from this millstone with renewed hopes. In the various shops of the company there have been employed this year, during the busy season 125 hands, and the labor account for the year foots up nearly \$600,000. This is another feeder to the retail trade of the city, and the enterprise in whatever light it is viewed cannot but be of great interest to all. The company now confines its trade mainly to Michigan, Wisconsin, part of Minnesota, part of Iowa, southern part of Illinois and a small section of Indiana, and is working up this territory thoroughly, rather than attempting to canvass in an imperfect way a greater extent.

LEAN MANUFACTURING COMPANY.
Another enterprise is the woolen mill of this company. The looms have kept steadily and busily at work, and as a result have woven 134,139 yards of cloth (one and a half yards wide) which would prove enough to clothe a host of people. This production has a marketable value of from \$90,000 to \$100,000. The mill has been running for ten years or so, and the past year has manufactured about \$15,000 more than the previous year. About 50 men, boys and girls are kept steadily employed. During the year a new fire proof warehouse and office has been built, at a cost of about \$1,500. In fact the year's work may be looked upon as most praiseworthy, and as indicating that the management has been wise and enterprising. It is an established success, and the year's work is one which none need feel ashamed of. May its prosperity continue.

THE WISCONSIN SHOE COMPANY.
Last April the Wisconsin Shoe Company was organized, and the factory put in active operation at once. New life, energy and additional capital, were brought into use, and under the present management, the Company is in a most flourishing condition. Mr. O. C. Ellis, of Chicago, an experienced manufacturer, was secured to superintend the factory, and under his personal management the facilities for manufacturing have been very greatly increased. Improved machinery has been purchased, and new pattern, lasts, dies, and everything necessary to make the factory one of the best equipped in the West, have been secured. The Company is making a full line of men's, boys', youths' shoes, and of ladies' Newport walking shoes, in addition to their regular line of ladies' misses' and children's sewed and pegged goods. Their productions are highly satisfactory to the trade, and the popularity of the goods is rapidly increasing. As an evidence of this, we will state that the Company is now making from 250 to 300 pairs of shoes per day, and that it is working entirely on orders. There are now employed in the factory 83 hands, and the monthly pay roll amounts to \$2,400. It is the determination of the Company to make first class goods—goods especially adapted to the Western trade, to use no "shoddy" in any case, but to use the very best material, and to keep pace with the times in styles and prices. It is fact worthy of mention that the Company has already built up a large trade in Chicago and Milwaukee.

DOTY'S FEED MILL.
Three years ago Mr. Henry A. Doty put in operation his present feed mill. It is the largest mill of the kind in the State, and in fact it is the only one exclusively engaged in the manufacture of feed. He began in a modest way, but by industry, enterprise, and strict attention to business, which invariably win in a business race, he soon built up a large trade, and to-day the orders for feed crowd upon him beyond his ability to fill them. During the year he has ground and shipped 5,000 tons of feed. On an average of 40 bushels to the ton, the amount manufactured will be equal to 200,000 bushels. This has filled 500 cars. The price per ton of the feed is \$12, making the total value of the product of the mill, almost \$50,000 during 1878.

HARRIS & SMITH'S LAMP FACTORY.
This year has given birth to a new factory, it being that of Harris & Smith, who have been pushing the trade on their self-extinguishing, non-explosive lamp, which is as valuable an invention as it is novel. The factory has kept about a dozen employees at work, and during the year has laid a solid foundation for a trade which promises to be far-reaching and profitable.

WHEELER'S FACTORY.
The woolen factory of F. A. Wheeler has been running on half time only during the year. It has made 4000 yards of cassimere cloth, 3,000 yards of flannels, and fancy shirting, 150 pairs of blankets, 500 pounds of yarn, and 5,000 pounds of rolls. The value of the goods manufactured is about \$90,000. The mill is a good one, and we hope soon to see it running up to its full capacity.

THE FLOUR INDUSTRY.
In 1878, the aggregate product of the five flouring mills in this city, reached 112,000 barrels, with one mill doing custom work exclusively. In 1878, the product was a little in excess of that amount. During the year of 1878, with one additional mill in operation, the amount of flour manufactured daily in the city will not fall short of 400 barrels, or 140,000 barrels for the year. Allowing the average price to be \$1.50 per barrel, the total value of the flour will reach \$63,000, a showing more flattering than can be made by any city in the State, excepting only Milwaukee. Janesville flour has an excellent reputation in the East, the patent manufactured here not being excelled by any mill in Wisconsin.

THE DOTY MANUFACTURING COMPANY have been in pretty active operation this season considering the general depression of business. The Company keep 20 men and boys at work, and the monthly payroll reaches \$1,000. The products of the works for the year foots up about \$50,000. The Company are engaged in the manufacture of drills, cultivators, lumber wagons, platform wagons, wind-mills, pumps, Doty washers, punching and shearing machines for iron, mill gearing, and so on.

HODGE & BUCHHOLZ.
This firm are the most extensive manufacturers of wagons, wagons, carriages, and sleighs in the city. In the quality of workmanship, their articles cannot be surpassed in the State. The value of their manufactured articles during the year will reach \$25,000. They have from 13 to 17 hands employed through the year.

POST OFFICE BUSINESS.
The number of domestic money orders issued at the city postoffice for 1878 is 5,523, and the number paid is 5,201. The total amount covered by orders paid and issued, is \$350,000. Of foreign orders paid 48 were English, 22 German, and 20 Canadian; of those issued 51 were German, 46 English, 23 Canadian, and 2 Swiss. The amount of stamps sold amounted to \$12,000. The number of letters sent to the dead-letter office for 1878 is 780.

WORK OF THE BUILDERS.
There has been a goodly amount of activity shown in the way of improvements. A number of new houses have been built,

and several new brick business blocks, including those of F. C. Cook, O. B. Ford, Captain Macdon, W. Q. Barnes, and M. H. Curtis. Mr. Cannon has commenced excavating for a new block, and Michael Farrell has raised the walls of a new street. The appearance of West Milwaukee street has been markedly improved, and other improvements are contemplated during the coming year. On the East side of the river Mr. M. C. Smith is excavating preparatory to the erection of a fine building next to his clothing house on Milwaukee street.

FURNITURE BUSINESS.
The value of the furniture manufactured in the city for 1878 will reach in round numbers \$30,000, which is somewhat less than the amount made in 1876, when the last figures were published.

MORRIS FACTORY.
The Janesville Morocco factory which is now under the proprietorship of Bassett, Bliss & Echlin and E. W. Hill. The capacity of the factory is 40 dozen of morrocos per week. During the summer and fall the factory averaged 95 dozen per week. It employs from 10 to 12 hands. The products of the factory for the past year aggregate \$30,000. The proprietors have put in a new engine and boiler, and made some minor improvements.

GRAIN RECEIPTS.
The receipts of grain during the year past at the Corn Exchange—that which has been purchased by the members of the Exchange—is 825,000 bushels. This large amount does not include that which has been purchased by the mills in the city, which consume many thousand bushels in a year. The showing for the Exchange is a handsome one and is a flattering one for the city.

THE WORK OF THE FIRE LADS.
The engines have been called out of their homes eighteen times during the year, the following being the occasions for sounding the alarm bells.

Jan 3—Holmes' tailor shop.
15—Cunningham Bros meat shop.
22—Barnum chimney.

MARRIAGES AND BIRTHS.

There have been placed on record this year in Register Valentine's office 348 marriages and 305 births, which is an increase over the number recorded last year. With few exceptions the law requiring a registry of all births, marriages and deaths has been complied with.

NO PAPER TO-MORROW.
The proprietors and attaches of the Gazette will duly observe New Year's day, and in order to give them an opportunity to do so, no paper will be issued from the office to-morrow. With an earnest wish that our readers may find the New Year a happy one, we close our record of events for 1878, and welcome 1879.

BRIEFLETS.
—Mulle up.
—Make ready to call upon and be called upon.
—The largest stock of 5 cent cigars in Janesville at Croft & Sherer's.
—Mr. E. L. Dimock left for Racine this afternoon to adjust some fire losses.
—Piso's Cure for Consumption only 25 cents at Prentice & Evenson's.
—At St. Patrick's church there will be services at 9 o'clock to-morrow morning.
—Trusses a specialty and its guaranteed at Croft & Sherer's.
—The banks of the city have suspended business until next year.
—Only 25 cents for "Piso's Cure for Consumption," at Prentice & Evenson's.
—At the First Methodist church to-night there will be an interesting watch meeting.
—Everybody can get a watch for nothing to-night, watching the old year out and the new year in.
—Mr. Charles Felton is in the city, and will make Janesville his headquarters during the coming year.
—Captain Baker orders a special meeting of the Janesville Veterans for this evening at seven o'clock sharp.
—Colognes, handkerchief extracts, toilet articles, a large variety and sold cheap at Croft & Sherer's.
—Mr. George B. Russell, connected with the Winona Republican, is visiting his uncle, A. J. Russell, of this city.
—Mrs. St. John has been engaged to sing at the annual concert of the Bower City Band to be given in about two weeks.
—Jack Warberton, the wide-awake ten, perance talker, is expected to arrive in the city Friday, and will give one or more addresses here.
—The services to-morrow at Trinity church will be held at 9 o'clock, instead of 10:30 o'clock, as announced by the Rector on last Sabbath.
—The largest and best selected drug stock in the city. A full line of everything kept in a first class drug store at Croft & Sherer's.
—Messrs. Hodge & Buchholz have sold to Burr Robbins the magnificent sleigh manufactured by them last winter. It is one of the finest sleighs in the State.
—Prof. Severance will not hold his dancing school to-morrow evening. He will be on hand January 8th, in full force. His pupils will take due notice, and act accordingly.
—A tramp has been loitering about the streets and disturbing some families in the Second ward. He claims to be of high birth, and rejoices in the euphonious title of "Count D' la Rec," and is evidently crazed.
—At St. Mary's church this evening at 7:30 o'clock there will be services, and the pastor will give a review of the year. To-morrow morning there will be services at 6 o'clock, and high mass and sermon at 10:30 o'clock. To-morrow afternoon at 3 o'clock there will be vespers with benediction.
—Mr. J. D. King and Mr. W. C. Cates, are getting up a "Post Office Bulletin" for free distribution. It will contain a business directory of the city, and will serve a useful purpose when displayed in all public places in the city. In order to pay for the cost of getting up the Bulletin and to circulate it, a nominal charge only, is made for the business and professional cards.
—A weary tramp applied at the jail for lodging last night. He claimed to have walked all the way from Milwaukee, and said he was enroute for the penitentiary. When asked why he came by Janesville, he said he had occasion to drop over to Clinton, Iowa, and from there walked here. If he had spent half as much money in chopping wood as in walking, if his story be true, he would be a rich man.
—In the Circuit Court to-day the lawyers were arguing the habeas corpus cases, growing out of the suits against the Indian Ford Water Power Company. Attorneys Bird, of Fort Atkinson and Rogers, of Jefferson, appear for those who complain of the dam as a nuisance, and Attorneys Cassaday, Ruger, and Jackson appear for the company. No decision will be rendered to-day.
—At a meeting of the Mutual Improvement Club last evening the conversation on current literature centered chiefly on Holmes' life of Motley and Tyler's American Literature. Miss Lillie Godden read a fine essay on Caroline Herschel, the sister of the great astronomer. The principal part of the evening was devoted to a study of Mrs. Elizabeth Barrett Browning. Mr. B. F. Danawidde read an essay, and Prof. Van Cleave followed. The evening was a profitable and interesting one.
—As will be seen by a card published in this issue by Mr. H. M. Hart, he has made an important change in his business, and is to take a special agency for the Mutual Life Insurance Company with headquarters in this city. The insurance companies have deemed it almost a necessity to choose Chicago or Milwaukee for centers from which to work up the Western business and it is a high compliment to this city that a special agency should be established for a territory covering several States. The Company have also done wisely in selecting Mr. Hart for the important position which he will now fill. He is one of the best insurance men in the West, and will fully merit the expectations of the Company. Messrs. Dimock & Hayner to whom he has sold out his fire insurance business are well known throughout this section, and not only have one of the heaviest lines of companies ever shown to one agency, but are fully capable of wisely managing the important interests thus intrusted to them.

AN IMPORTANT CHANGE.
The Mutual Life Insurance Company, of New York, through their Managers, Messrs. Merrell & Ferguson, at Detroit, Michigan, for the Northwest, having recently added Minnesota and Northern Iowa to the District now under my charge, I shall devote much of my time to their interests in the new territory, and have therefore arranged with Messrs. Dimock & Hayner—with whom I shall have my Headquarters—to receive Life Insurance Applications for the Company here, and have disposed of my interest in the Fire Insurance Business to them, hoping that they will receive the patronage of all of my Customers and Friends. Mr. A. T. Hart will also office with Messrs. Dimock & Hayner and attend to our Life Insurance Collections as heretofore. Any one desirous of devoting time and energy to the Life Insurance Business, is respectfully requested to communicate with
H. M. HART, Special Agent.

SPECIE PAYMENTS RESUMED.
At 9 a. m. Jan. 1st, 1879, in Lappins' block, No. 35 Main street, Janesville. Gold for greenbacks, gold for trade dollars, gold for hogs, dead or alive, gold for wood. The finest gold, absolutely pure, put into the teeth at par, where it will be safe from burglars until Gabriel calls. Wanted hogs and wood. We have a fine lot of Justice's and White's teeth, that took the first prize at the Paris exposition.
We have more gold plugs in teeth and artificial teeth doing good service, from eight to twenty years old, than any other dentist in Rock county.
A. P. BERRUS,
Physician and Dentist.
P. S. Gold for unruly cattle, (fat ones).
